Attached are copies of the IR's that I will be supplying to Horty MOKBEL's defence.

The are identical to the IR's supplied prior to the Kabalan MOKBEL trial, however I have removed the blacking out of the 'date submitted'. I will advise the defence that the date submitted is within three months of the 'date received', which remanins blacked out.

There are some IR's that don't have a 'date submitted' nominated. I will hand write a three month period which will include the actual date received. As discussed on the phone I will mix this up so that the date received is not right in the middle of the three month period.

Let me know if there are any issues with this.
