MR SANDY WHITE: Just with the - with the tape issue, we'll deal with that. We will tape-record conversations with you in the future if we're gunna go down this track.

MS GOBBO: Yep.

MR SANDY WHITE: I - I give you an undertaking today while we just explore each other, but I'm not gunna put that tape-recorder down and start tape-recording you. But it's as much for our protection as anyone else's.

MS GOBBO: Yep, I understand that, yep.
