Forgot to mention that Purana have briefed counsel yesterday for PII hearing today re intel from IR's concerning [REDACTED]. 16 IR's have been handed over to Purana, from us that are heavily edited. No prizes for guessing where the intel comes from.

[REDACTED] will not be giving evidence until this matter is resolved. Defence are obviously looking to discredit [REDACTED] and are trying to get as much information about him as possible.

Each IR has the potential to compromise the source and the collection in total, would definitely compromise the source firstly to [REDACTED] himself and then possibly to [REDACTED] as well.

This matter is as much under control as we can make it. I will let you both know the result of the PII hearing when I get it.
