Simon,

Thank you for your recent assistance regarding accessing the information recently obtained from Commander Moloney. This information is only known to me and will assist in ensuring we do not inadvertently trip over any authorised police activity. To that end I am finding it difficult in ensuring that occurs without any telephone numbers of two of the individuals. The extensive use of nicknames and in some cases no names etc is making the task more difficult than I first thought. I wonder if I could get the mobile numbers of the individuals concerned then the task will be much easier. I wonder if you could consider providing the mobile telephone numbers of the individuals concerned in the same manner as the names were provided.

Thanks and Regards
