Boy oh boy do I have a claim. Just saw the story on the news about VicPol being unable to explain how all those kiddies at risk got placed with sex offenders, "it's a terrible mistake" said Assist Commissioner Jeff Pope, also famous for sitting on the Steering Committee which decided my fate. I remember him quite clearly from my alcohol fling days. Definitely him. Multiple times. He was married at the time. Perhaps I should write to Slimey? Or leave it to 4 corners instead!
