Jeff, I have advised Boris to seek approval to view the material. As you know I am only custodian. (until I transfer it to Neil P)

I have not catalogued/indexed the material, I am unclear what value, if any it would be to the TF? I am also unaware if it is inappropriate for them to view it?

Boris will raise this with Doug Fryer and I expect you will be contacted in the near future. Paul S.

Mr Sheridan, would it be possible for me to review this material to ascertain what might be relevant to our next two endeavours re DALE, (1) a Misconduct in Public Office investigation/brief (2) the HODSON Inquest?

Steve, my meeting does not now start until 1100hrs. We could attend to this in the meantime if you wish.

It seems to me the easiest thing is for Shane O'Connell to attend and obtain what he needs and hand it to Boris Buick at the same time?

Hi Paul

Jeff has requested that I forward this to you. He states that he believes that the exhibits are in a safe under your control. If you would like some assistance from me in locating them, please let me know.

Cheers

Steve

Doug, we are not in possession of a number of original exhibits from the Loris (and therefore the DALE ACC) brief, some of which will need to be tendered at the Committal next week. This includes but is not limited to the original GOBBO/DALE audio recording and copies of GOBBO'S diary pages.

I have on this day spoken to Shane O'CONNELL. Shane stated that when Petra were wound up, he was instructed to box up all exhibits that related to GOBBO and deliver them to AC POPE, which he duly did.

Would you mind asking for those items so we can extract the original exhibits please?
