Black - I have spoken to the super re this list which as usual is wrong. Here is a list of outstanding registrations according to Interpose;

Can you make some time so we can go through it and determine what is correct. Most of these are very old and were registrations under the old Access database and as such are marked as incomplete because there is no **computer** copy of the management log which we were unable to provide. We used to give them a hard copy only. has worked out a way to split off a softcopy of each log and can upload into Interpose for us. Ms Lane

Gents - for information

Ms Lane

yesterday - the SDU currently has listed as active - many of those can't I did some testing with be removed until the final paper work arrives.

It is my intention to go through the files & hand in the hard copy files that I have.

Regards
