Media

Nick McKenzie (The Age Journalist sniffing around this job) had a meeting with Ron Iddles again on Tuesday. You will recall some weeks ago he believed Ron, Steve and I were working on Victor Pierce. He now tells Ron that he knows about Operation Petra (Hodson) and he has been told from someone within Crime Department that we are working on the vampire and we have Waters, Lalor and Saunders as targets. He says don't do reverse CCRS on my phone as he rings his source from a pay phone. He will not disclose his source, other than his source is connected with people in "the know" within Crime. His source is no longer in the job and left about 8 years ago under a cloud but is still well connected. McKenzie is writing a broad corruption piece around David Waters, [REDACTED] and other former Major Crime Squad detectives involved in serious crime and corruption. He also mentioned [REDACTED] involvement and the TPA. He has told Ron that he will not jeopardise our investigation in return for an exclusive at the appropriate time. He doesn't want us to brief Simon Overland about the story as Simon may try to prevent it going ahead. He wants only to deal with Ron Iddles. Ron has secured an agreement with him that he print nothing until Ron gets back to him agreeing to some sort of deal. Ron has neither confirmed nor denied anything. But it is clear that McKenzie has been leaked a lot of information.

Other issues raised by BOM

- ①. - 2 OPI staff to go to Taskforce floor. / <sup>some</sup> "newby" unit
- Guy Munson to look it happen / to look the taskforce.
