Attachments: Summary of Petra files received 15-6-12.doc

Petra content summation (my notes of) in attached doc.

Re the Petra Steering Group material, when doing the review I I was working up at Justice and delivered to me were 2 incomplete volumes of material which came to me from Jeff Pope on 15/6/12 (there was limited capacity at Justice to secure same). Accordingly I quickly reviewed and summarised all of this (see attached doc above) and returned it to Vicpol on 18/6/12 where it was secured and recorded on a protected docs register with Frances at Fin's Office. It was placed in the safe to the right of where Fin's EA (then Frances) sits.
