Morning Sandy Whi

On reviewing the material you provided yesterday I will need to listen to all the meeting recordings with the exception of the following:-

17/8/08 1855 hrs 11792958-ICR024  
17/6/08 1855 hrs 11792958-ICR024 (appears duplicate)  
12/1/06 1920 hrs 21803838-ICR015  
15/3/06 1825 hrs 21803838-ICR022  
22/4/06 2100 hrs 21803838-ICR028  
9/6/06 1719 hrs 21803838-ICR034

My next question is how long is it likely to take to produce the remaining recordings. There is some measure of urgency about this now after my meeting with Cornelius yesterday visa vee the subpoena issue and how we approach that. I would like to start reviewing the material over the weekend, so even if I could get some of the material by COB Friday that would be excellent. Sorry to put you and your office under the pump over this. Can you give me a ring when you have some idea of time frame or if there is a problem. Thanks

Regards

Steve
