The matter of Roula MOKBEL:

Steven SHIREFFS appeared for Roula this morning in the County Court. Basically the following occurred:

- Horthy MOKBEL may be used as a witness for the defence in his wife's trial. He is currently on trial himself.
- The statement made by [PII] was prepared by his Barrister. The fact that [PII] has previously stated that his Barrister had been involved in the preparation of the statement may now require that his Barrister be subpoenaed to give evidence in Roula's trial.
- There was no discussion of the possibility of Roula's trial being adjourned so it would appear that next Monday 16/11/09 is still a goer.
- There was no mention of the name of 3838
