Hi Boris, on behalf of the Driver Steering Committee and DC Tim Cartwright I want to sincerely thank you for your professionalism in the management of both the Dale committal and your management of the very problematic witness (F). Apart from highlighting your high levels of competence in managing complex investigations and court hearings, you've demonstrated a resilience to stress which has been impressive. The circumstances over the last week have been complex, difficult and at times confusing. Your level headed and mature approach to the issues are a credit to and your team.

Thanks again

Doug
