	<p>confirmed that KARAM will be busy with John HIGGS on Monday, indicating that the two suspects will be participating in an import collection. HS got intel from KARAM who had been talking about the big ecstasy import that went wrong. He told her exactly how many pills were in it and the fact that the police haven't declared it yet. Avenue made enq's with [REDACTED] and confirmed that AFP have active op re KARAM. HS has stated he knows that because he found an LD and left it in place. KARAM recently came back from overseas and purposely placed notes in documents to confuse Customs and the AFP.</p> <p>KARAM travelling to Sydney this weekend with Karl KHODER re import.
