Dear Fin

Please see attached scanned version and additional handwritten notes.

I

The witness reviewed the documents in April (without the witness' lawyer being present - I think she was away). Annotations on the document are from the witness.

(You will see that the version numbers in the documents are different from the versions I sent you, and there are a small number of tracked changes - WitSec used the last marked up versions instead of the current final version: but the contents of these versions are the same.)

Regards

Isabel
